About Our Jan. 18th Meeting

Happy New Year! For those who participated, the Stormwater Mapping Project for ShoreHaven has been concluded with comprehensive detail thanks to the *pro bono* help of Brian Skoralick and the Dutchess County Soil & Water Conservation District. This information was required by the Town of Pawling for use in applying for grants to address our flooding issues.

Your Attendance Is Strongly Urged!

This January meeting is very important because of an extremely vital issue: Our need to re-elect a new Secretary because of our loss of the secretary we elected in August due to a relocation of his residence. We need your nomination of a replacement. Your presence is critical in providing your input and approval.

Four Important Board Positions Are Up for Election in August!

They are Vice President, Treasurer and 2 Board Members (Trish McLoughlin and Brett Mitton). Nominations for candidates during this Jan. meeting must be made by those in attendance. After discussion and review, the voting process will follow during the August meeting which will hopefully conclude with the official elections. New terms will begin immediately.

Winter Needs Your Cooperation, as does Spring Dock Installing

With winter hardly upon us, we can be sure to experience some difficult weather for which we need to give ample room to let our plow to do its cleanup and de-icing. Before the August meeting, watch for an email call to Volunteers to please help reinstall our docks. Please join us at our January meeting to contribute your ideas for the benefit of all. Thank you so much!
